THRASH HORSE	TECHNICAL
THE DIRECTOR	TECHNICAL

Trail Information

**Trail Difficulty Rating System**

- Green Circle-** These trails have a wider tread, a generally uniform surface and more moderate gradients.
- Blue Square-** These trails have changing surfaces, moderately difficult trail features, small drops and jumps, and feature steeper gradients.
- Black Diamond-** These trails are suitable only for advanced riders, and feature steep gradients, challenging trail features and larger drops and jumps.
- Double Black Diamond-** These trails are highly variable, featuring large jumps and drops and very steep trail sections. These trails are only suitable for highly experienced riders.
- Pro Line-** These trails feature large gap jumps and drops, extremely steep terrain and highly variable surfaces. These trails are only suitable for professional-level riders.

**Trail Types**

- Flow-** These trails are machine-built and offer a wider trail tread, smoother surface, and generally feature larger bermed corners and flowing terrain.
- Technical-** These trails are technical in nature and offer a generally narrower, more irregular trail surface. These trails may feature tight corners, rocks and other trail features.
- Freeride-** These trails are machine-built and offer a wider trail tread, though offer a range of jumps and similar trail features. Jumping experience is required.

**Safety Equipment**

All park users must wear an Australian Standards approved helmet. Maydena Bike Park strongly suggests park users wear a full-face helmet, gloves, eye protection, knee and elbow protection, at a minimum.
