PARTICIPANT INFORMATION

OVERVIEW

At Maydena Bike Park we have over 80 different trails crisscrossing down our hill, resulting in virtually endless trail combinations. Offering 6 unique stages over the course of the weekend, the Enduro Jam combines the best of our trail network with our favourite aspects of racing, using a jam format. Fit for any racers level, we will be hosting; a Pro Jam featuring the best of MBP's black and double black tech; an Open Jam showcasing a mixture of fast tech and flow, on single black and blue terrain; lastly, a Sample Jam that races down MBP's most rippable green trails.

Each day riders have as many opportunities as they like to set times on each of those stages and only their fastest time will be kept. In classic MBP fashion, all liaison stages will be uplift accessed, which means there is no climbing required! Live leaderboards will be active all day for each stage, allowing riders to set times and move up the ranks throughout the day.

Ultimately, the Enduro Jam is designed to provide a laid-back race environment, where riders can find their limit while experiencing the wide array of trails at Maydena Bike Park.

ENDURO JAM – MAXXIS PRO JAM

3 Days, 2 Stages per day and Unlimited Uplift Laps to set the fastest time. The Pro Jam is aimed at more experienced racers, riding primarily black and double black trails, and will give you the opportunity to race some of Maydena's fastest and most technical trails against National and International competitors.

NEW this season, we will be splitting the Open and Pro Jam stages, which means all 6 stages across the event weekend will be pro-only stages! Based on racer feedback we have dropped the Pro Jam back from 3-stages per day down to 2-stages per day, allowing for maximum laps on each track. Finally, we will be introducing a "Top 20 Shootout" giving racers one final run down stage 6 to decide the winners of the Pro Jam.

All riders will get the opportunity to complete all 6 stages, with the top 20 entering the "Top 20 Shootout". Riders will be seeded based on their standing after all 6 stages, making for an exciting finish to the event.

// INCLUDED WITH ENTRY

- Event entry for 3 days
- Unlimited uplifts for all 3 days (During Race Times)
- Additional practice uplifts for all day Thursday can be purchased [HERE](#)

// FORMAT

- 3 days of racing on December 1st, 2nd and 3rd 2023
- 2 pro-only stages per day of racing
- Riders can ride the stages in any order & for unlimited laps during opening times listed in the schedule

// CATEGORIES

WOMEN - U15, U17, U19, Elite, Open (19-29), Masters (30+)

MEN - U15, U17, U19, Elite, Open (19-29), Masters (30+)

ENDURO JAM – 100% OPEN JAM

2 Days, 2 Stages Per Day and Unlimited Uplift Laps to set the fastest time. The Open Jam is for all racers intermediate and above, featuring primarily blue and black trails. The jam format will allow you to get to know the track and find your confidence on every stage.

NEW to Enduro Jam this year, to account for increased demand, we have separated the Open Jam and Pro Jam stages. This will allow riders to get maximum laps, decrease the number of riders on track and ultimately make for better racing in both categories.

This ALSO means, that after the Open Jam finishes racing, they can head out onto the hill and catch the Pro Jam racing action in the afternoon.

// INCLUDED WITH ENTRY

- Event entry for 2 days
- Unlimited uplifts for both days (During Race Times)
- Additional practice uplifts for all day Thursday & Friday Dec 1st, 8:00am - 12:30pm can be purchased [HERE](#)

WOMEN – U11, U13, U15, U17, U19, 19-29, Masters (30+), Veterans (40+), OG's (50+)

ENDURO JAM – TREK SAMPLE JAM

The Sample Jam is just a taster of the Enduro Jam format. For new racers, or those looking for the ultra-laid-back option, this 1-day program will allow multiple attempts to set times on 2 of our most fun and flowy beginner/intermediate trails at Maydena Bike Park.

The courses will be open for timed runs all day, which means riders will be able to build confidence and speed to put down their best possible runs by the end of the day.

Entrants will have full-day of access to the Lower Mountain and Midline and Summit uplifts to record as many race times as they want across two beginner-friendly racetracks.

// INCLUDED WITH ENTRY

- Unlimited uplifts for race day (During race times see event schedule)
- Unlimited race run attempts on both stages
