RED BULL HARDLINE

OVERVIEW

Now in its 10th year, Red Bull Hardline needs little introduction. Renowned as the world's most challenging downhill race event, Red Bull Hardline combines world-cup level downhill, with massive jumps and drops.

For the first time ever, Red Bull Hardline is moving beyond its original Welsh home to a brand new second venue right here in Maydena. Red Bull Hardline will see the world's fastest racers and freeriders invited take on one of the world's most challenging downhill race courses.

This ground-breaking event will continue to feature the largest jumps and drops ever seen in a downhill race, pushing the world's best racers to their absolute limit, in a spectacle never seen before in the Southern Hemisphere.

SPECTATOR INFORMATION

To ensure that nobody needs to miss out there is an access pass for both riders and spectators alike. Spectator maps will be available for download and onsite prior to the event to identify all the best access routes and viewing locations.

Uplift Example - If you have purchased a 1-day uplift on Saturday the 24th of February, this gives you access to the Summit Uplift service and spectating access to the Hardline event on the Saturday 24th only.

PLEASE NOTE - There will be increased Uplift volumes for the week of Gravity Fest & Red Bull Hardline, but with multiple events running throughout the week regular Uplift services may have longer than normal wait times from Wednesday Feb 21st to Sunday Feb 25th.
